Łukasz Wieczorek

Curriculum Vitae

Education

2013 – 2014	Master of Science, Computing, Faculty of Computing, Poznań University of Technology, Grade A
2009 – 2013	Bachelor of Science, E-commerce, Faculty of Computing, Poznań University of Technology, Grade A

Master's Thesis

Title	*Recognition and Digitalization of Handwritten Musical Notation*
Solution stack	C++, Gamera, ImageMagick, MuseScore, OpenCV, OpenSound Control, Python, Qt

Experience

July 2012 and October 2012 – February 2013	PHP Backend Developer, Poznań University of Technology, Poznań Solution stack: Apache, Jasper Reports, Java, PHP, PHPUnit, PostgreSQL, Subversion
November 2014 – September 2017	Android & Backend Developer, Apptension, Poznań Solution stack: Android, Django, Docker, Flask, Git, Jenkins
May 2018 – October 2018	Python Software Engineer, Egnyte Poland, Poznań Solution stack: Ant, Confluence, Git, GitLab, JIRA, Jenkins, Kibana, Python, WIX Toolset
April 2019 – August 2019	Python Backend Developer, Analytics, Luxembourg Solution stack: Django, Git, JavaScript, Python, React
January 2020 – February 2020	Python Backend Developer, Le Polish Bureau, Łódź Solution stack: Flask, Git, JavaScript, Locust, Python, Sanic
December 2020 – June 2021	Python Backend Developer, User.com, Warsaw Solution stack: Django, Git, JavaScript, Python, Vue.js
January 2022	Software Engineer, Soiree Łukasz Wieczorek, Pniewy Solution stack: Django, Git, JavaScript, Python, jQuery
June 2022 – November 2022	Python Backend Developer, Stermedia, Wrocław Solution stack: API Blueprint, Django, Git, Python
September 2023 – December 2023	Python Backend Developer, Stermedia, Wrocław Solution stack: Django, Git, Python
July 2024 – September 2024	Fullstack Developer, Igor Miazek Techs, Oleśnica Solution stack: Docker, Git, JavaScript, Ruby, Ruby on Rails, Vue.js

❖

Skills

Programming languages

Main	Python
Experienced	Fish, Java, JavaScript, PHP, Ruby, Shell, SQL
Hobby	Kotlin, Rust, Swift
Willing to learn	Fish, Python, Swift

Experience time

Python	Four years
Java	One year
PHP	Six months
Ruby	Three months

Programming frameworks

Main	Django
Experienced	Bootstrap, Flask, jQuery, Ruby on Rails

Preferred tools

E-mails	Google Gmail
Video conferences	Google Meet
Tasks	Atlassian Jira
Chats	Salesforce Slack
Git	Atlassian BitBucket
Text editors	VIM
Integrated Development Environments	JetBrains editors

Other

Operating Systems	Alpine, Debian, Fedora, MacOS, Red Hat, Ubuntu, Windows
Topics	API design, chatbots, databases, scripts, unit testing, virtualization
Languages	CSS, CSV, HTML, XML
Programs	Android Studio, Docker, Eclipse, gedit, httpie, Klavaro, PyCharm, Postgres.app, VIM, VScode, Xcode

Languages

Polish	Mother tongue
English	Professional working proficiency
German	Elementary proficiency

Interests

- ❖ computing
- ❖ guitar
- ❖ music
- ❖ running
- ❖ typography
- ❖ video games

About me

I'm a silent programmer with love of scripting languages like Python.
Recenlty I am rediscovering compiled languages like Swift.
Still on the search for better utilities like Fish.
My Github has already over 160 repositories, mostly own work with some spice of collaboration.
I like to learn and teach programming.
