Skills

Programming languages

Main	Python
Experienced	Java, JavaScript, PHP, Ruby, Shell, SQL
Hobby	Kotlin, Rust, Swift
Willing to learn	Swift

Experience time

Python	Four years
Java	One year
PHP	Six months
Ruby	Three months

Programming frameworks

Main	Django
Experienced	Bootstrap, Flask, jQuery, Ruby on Rails

Preferred tools

E-mails	Google Gmail
Video conferences	Google Meet
Tasks	Atlassian Jira
Chats	Salesforce Slack
Git	Atlassian BitBucket
Text editors	VIM
Integrated Development Environments	JetBrains editors

Other

Operating Systems	Alpine, Debian, Fedora, MacOS, Red Hat, Ubuntu, Windows
Topics	API design, chatbots, databases, scripts, unit testing, virtualization
Languages	CSS, CSV, HTML, XML
Programs	Android Studio, Docker, Eclipse, gedit, httpie, Klavaro, PyCharm, Postgres.app, VIM, VScode, Xcode

Languages

Polish	Mother tongue
English	Professional working proficiency
German	Elementary proficiency

Interests

- computing
- guitar
- music
- running
- typography
- video games

About me

I'm a silent programmer with love of scripting languages like Python.
My Github has already over 160 repositories, mostly own work with some spice of collaboration.
I like to teach and learn programming.
